REGIONAL OVERVIEW

ABOUT CVS

For many, our company name remains synonymous with the nearly 10,000 retail locations we operate across the United States. Today's CVS Health is, of course, so much more than that. CVS Caremark® makes us the nation's largest pharmacy benefits manager, and we are also the leader in retail clinics, specialty pharmacy, and infusion.

With our recent acquisition of Aetna®, CVS Health operates one of the nation's premier health benefits companies as well. These businesses, working together as an enterprise, create a uniquely powerful platform that will open a new front door to health care and reshape the consumer experience.

Three strategic imperatives guide our transformation efforts: be local, make health care simple, and improve health. CVS Health offers more consumer touchpoints than any other health care company, and this enables us to offer care where, when, and how patients need it—in the community, in the home, or even in the palm of their hand through digital devices. And because we already engage with one in three Americans as part of their everyday activities, we can simply build our programs and services into their existing routines.

The current system drives patients to be health care decision makers, but they lack the tools needed to navigate effectively. We're going to change that and help guide patients along their health care journeys by providing more convenient access to the information, resources, and services they need. And by aligning the capabilities of Aetna with our consumer-centric assets, we will more effectively deliver on our purpose of helping people on their path to better health.

PHARMACY & CONSUMER WELLNESS

The Pharmacy & Consumer Wellness segment dispenses prescriptions in its retail pharmacies and through its infusion operations, provides ancillary pharmacy services including pharmacy patient care programs, diagnostic testing and vaccination administration, and sells a wide assortment of health and wellness products and general merchandise. The segment also provides pharmacy services to long-term care facilities and pharmacy fulfillment services to support the Health Services segment's specialty and mail-order pharmacy offerings.
